Referencing our conversation on last week, it is my understanding that Penske will purchase insurance specifically for this event. The insurance purchased should include, but not be limited to the following:

General Liability - comprehensive general liability, including products/completed operations, spectator and participants liability, contractual liability, all with limits of no less than \$5,000,000 combined single limit for bodily injury, including personal injury and property damage.

Automobile liability - comprehensive automobile liability, including all owned, non-owned and hired vehicles with bodily injury limits no less than \$5,000,000 per person, \$5,000,000 per accident; and property damage limits of no less than \$5,000,000 per accident.

Workers compensation - statutory workers' compensation coverage meeting all state and local requirements, including coverage for employer's liability with limits of no less than \$500,000.

Accidental Death & Dismemberment - blanket accident policy with aggregate limits of no less than \$1,000,000. Loss of life, loss of limb, sight hearing or speech limits of no less than \$100,000 per person. Medical expenses no less than \$10,000 per person.

Steve, legal should also put together waivers that the participants are required to sign prior to the inception of their trip.

Should you have any questions, please give me a call. Further, once you have contracts in place, please forward them to my attention.

Thanks.
